Welcome to Daval

We believe that your home is the greatest way to self-express which is why all our furniture is made to order and made just for you.

Over the next few pages, you'll see kitchens that have been carefully curated to inspire you and kitchens that make your individual ideas possible.

They will help you consider design features and what styles might work in your home, but ultimately, our approach to creating your dream home allows you to celebrate the best materials, techniques and build quality, all with a distinctly British attitude.

As a family-run company, we are immensely proud that every kitchen is made at our factory in West Yorkshire, in the same valley where the business was founded in 1978.

Welcome to Daval. Welcome to quality British craftsmanship.

Oakley

Oakley is a beautifully classic inframe kitchen with British influences at the heart of its design.

Exuding an imposing air of sophistication, Oakley's subtle-but-striking features can include a cock bead detail to the frame and an elegant profile to the inner of the doors. Optional chunky island pilasters, pull-out oak dining trays and angel mantels finish Oakley perfectly to create a classic and timeless British kitchen.

Pair Oakley with a painted finish with antique brass hardware for a contemporary take or choose an unpainted finish to appreciate every detail of the depth of Oakley's woodgrain.

Oakley (p4-13) Images show Oakley cabinetry in Putty and Charcoal.

“

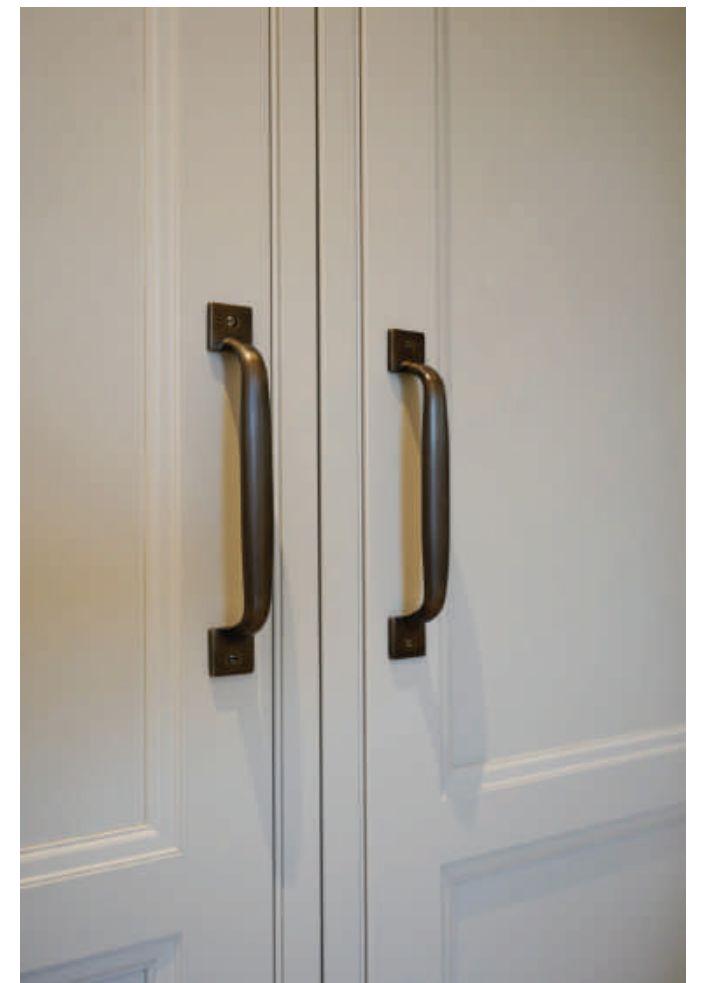

Our kitchen has quite literally changed the way we live. We chose Oakley to sit alongside and enhance the architecture and design of our Georgian property, and it is perfect. The detail of the cabinetry is stunning and is both statement and subtle in beautifully equal measure.

Daval Furniture

Individual possibilities

Bramham

A little more pared back than Oakley, Bramham nods to the shaker-style principles of disciplined design, with a less-is-more approach.

Designed to suit any style or period of architecture, Bramham exudes a minimal, neutral aesthetic that still nods clearly to its British heritage roots. Bramham's beautifully designed cabinet skirting can be specified to really finish the look and give the cabinetry and chunkier stance.

Complete with solid wood internal drawers, Bramham exudes British luxury.

Bramham (14-21) Images show Bramham cabinetry in Charcoal.

“

We have known of Daval for a number of years and their reputation as quality kitchen and bedroom designers and manufacturers has grown from strength to strength, so they were the obvious choice to work with.

Pembroke

The modern classic. Pembroke is a premium shaker style kitchen that blends traditional style with a contemporary twist centred around the stunning visible woodgrain running through solid ash.

The perfect middle-ground for creating a kitchen that balances traditional design with a contemporary aesthetic, Pembroke cabinetry features flush joints for a more minimal finish.

Combine heritage colours like dark green or navy blue on an island, with a lighter palette across the perimeter cabinetry to create a truly stunning space.

Pembroke (22-26) Images show Pembroke cabinetry in Forest Green and Putty.

“Pembroke is sympathetic to the architecture and features of our renovated farmhouse, while bringing a delightfully contemporary twist to the space. The wood grain through the cabinetry is beautiful and the Forest Green and Putty combination sets off our exposed stonework perfectly.

Linton

Stylish yet subtle, Linton is a contemporary take on shaker style cabinetry that perfectly blends modern design with traditional features.

Linton (28-33) Images show Linton cabinetry in Porcelain.

Featuring a slimmer stile and rail on the doors for a more delicate aesthetic, Linton can be specified with stunning accessories including integrated oak serving trays and chopping boards.

For a kitchen scheme, pair Linton with design elements such as open shelving with feature brackets to break a run of cupboards and achieve a light and airy feel, or incorporate a day pantry with integrated storage and a classic oak interior.

Linton (34-35) Images show Linton utility room in Fossil.

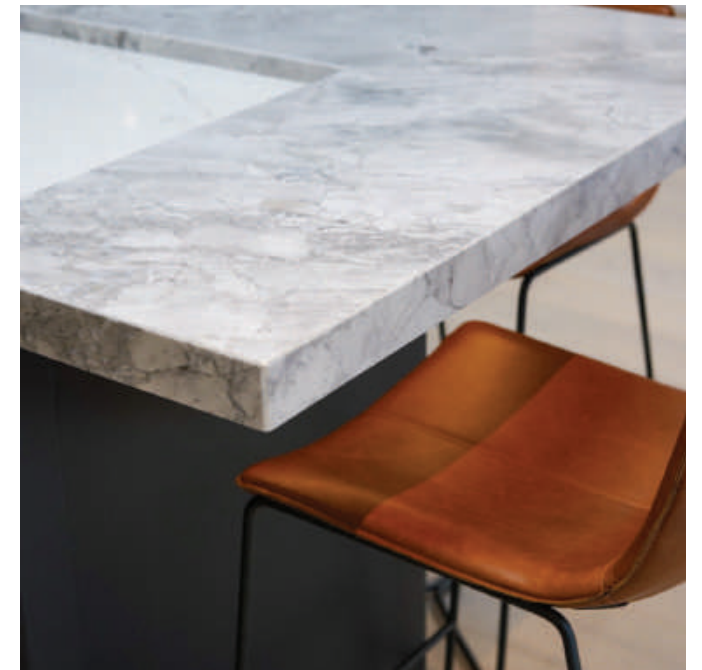

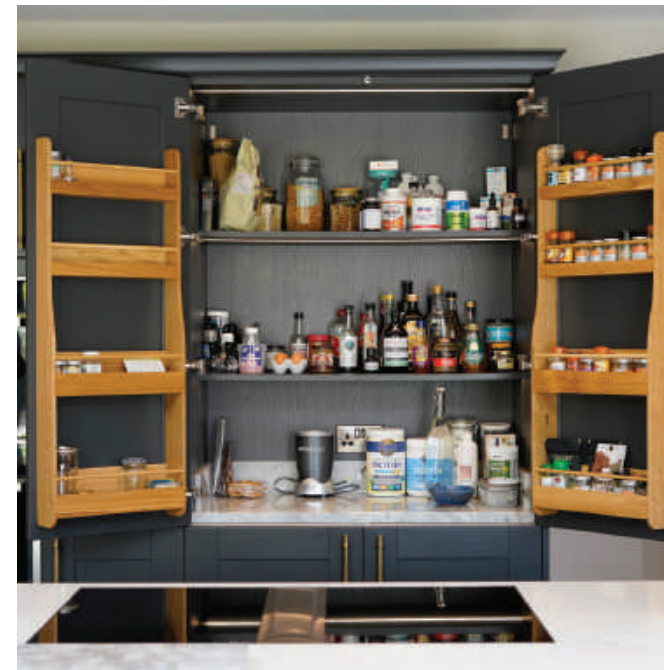

Farnley

The one we all think of when we envisage a classic shaker-style kitchen. Made from solid timber with a shaker profile, Farnley is a kitchen that will stand the test of time but never age.

Exuding character and charm, Farnley is available in its natural oak finish as well as all our painted colours. Play with combining colours like Charcoal and Putty to make a sophisticated statement or choose to admire the simplicity of the wood for a more understated aesthetic.

Farnley (36-39) Images show Farnley cabinetry in Charcoal and Putty.

Grassington

Sometimes it's the classics that make us happy. A classic shaker style kitchen like Grassington in a timeless, neutral finish will stand the test of time while remaining beautifully fresh in design.

Hand painted, Grassington features an attention to detail that is second to none with a one-piece drawer unit, flush joints on the door and a quarter round bead inside the frame.

Choose Grassington's delicate cornice to finish off the look and highlight your attention to design detail.

Grassington (40-43) Images show Grassington cabinetry in Porcelain.

Amberley

Amberley delivers an air of understated grandeur. Add your own stylish twists with curved profile or open feature units available in Natural Oak and our hand painted finishes.

With all doors raised and fielded and made from renewable timber sources, Amberley will transform the design of your home.

Amberley (44-45) Images show Amberley cabinetry in Dove Grey and Lead.

Henley

Designed with a one-piece shaker door and a smooth, painted finish, Henley is all about the detail.

Beautifully considered design accessories include a stunning top-box run that can be used over a sink or amid a row of taller wall units to create depth and interest.

Henley's end panels with a radiused front edge achieves a luxurious finish while the elegant details on the cornice provide a contemporary yet classic feel.

Henley (46-47) Images show Henley cabinetry in Mussel.

Meltham

Named after a small countryside village in Yorkshire, Meltham takes elegant lines and shaker design as its style cues to create a country-style kitchen that is available in five different shades and perfectly combines aesthetics with affordability.

A paint effect foil finish and a slight chamfered detail on the inside of the door frame give Meltham its beautiful finishing touch. Mix in some glass fronted cabinets and simple round handles for a kitchen you can call home.

Meltham (48-49) Images show Meltham cabinetry in Dove Grey and Charcoal.

Mayfair

Mayfair is a stunning, contemporary slab door that adds understated style with its super-matt finish. Choose lighter shades paired with matt black hardware to create a Scandinavian inspired look, or opt for a deeper shade such as Marine Blue and Hunter Green with brushed gold hardware for a more heritage aesthetic.

Mayfair (50-53) Images show Mayfair cabinetry in Talpa.

Mayfair (54-55) Images show Mayfair cabinetry in Talpa with Varenna cabinetry in Grey Oak.

Renzo

Contemporary, urban and with a slightly industrial vibe, Renzo is a kitchen with a conscience.

Choose from a charred Japanese wood effect door with a subtle metallic accent, a character Oak effect that hints of distressed wooden planks, or a raw textured concrete effect for an earthy finish.

Kind to the environment without compromising on style, every Renzo door is made from 100% recycled wood and centres around a deeply textured aesthetic.

Renzo (56) Image shows Renzo cabinetry in Charred Japanese Wood.

Renzo (58-59) Images show Renzo cabinetry in Charred Japanese Wood.

Renzo 60-61 Image shows Renzo cabinetry in Charred Japanese Wood with Mayfair cabinetry (island) in Hunter Green.

Salcombe

Salcombe's calm and contemporary style is inspired by the great British coastline and days at the beach collecting driftwood and watching the sea lap against the shore.

With a prominent textured wood finish, Salcombe combines the best of a painted effect kitchen with the simplicity of a slab door to create a warm and homely feel.

Choose from four different colours with a choice of door types for that added personal touch.

Salcombe (62-67) Images show Salcombe cabinetry in Charcoal with Dove Grey accent cabinetry.

Langham

Texture is the word of the day with Langham. It's choice of stone and silk effect finishes create a dramatic focal point that delivers an industrial yet rural aesthetic.

House your ovens at eye level in a central bank of cabinetry finished in Basalt Stone or Slate Stone and create the feel of a slab of textured rock.

Langham (68-70) Images show Langham cabinetry in Slate.

“

The texture and depth of Langham in Slate has such impact, and has helped us create a stunningly beautiful kitchen for our home. We receive so many compliments on the design, and it has completely transformed the way we use the space.

Create your Kitchen

Bring your kitchen to life over the next few pages, with details of the door and colour options available across the Daval range.

Quality British Craftsmanship

Sustainable manufacturing has been at the beating heart of Daval since 1978. Our environmental commitment is embedded throughout the company, from the material we use to craft our furniture through to the recycling of our waste and turning unused materials into fuel that heats our HQ.

Sustainably Sourced

Sourcing wood from FSC Certified UK forests, paint from Manchester and handles from Birmingham; these are just a few ways we are committed to reducing our impact on the environment.

Locally Manufactured

All our cabinetry is sustainably manufactured on site at our factory in Huddersfield, West Yorkshire. As a family business, we are committed to supporting our local economy and helping independent businesses thrive – and our UK-wide retail partners are at the heart of their local towns and communities.

Quality, guaranteed

Giving you peace of mind is important to us. That's why all Daval furniture comes with a 5 year guarantee. For more information visit daval-furniture.co.uk or call 01484 848500 to request a copy. T&Cs apply.
